1.

Early light the story of life,
used to wake up together
Every meal the same show of faith,
with a table between us

You'll never go while living in days,
you'll never know why you're staying
Why can't we go back to life before,
just trust me you will see

Hear a song a longing for change,
don't know quite how to sing it
Every hope a vision of ways,
is there no way to change it?

You'll never go while living in days,
you'll never know why you're staying
Why can't we go back to life before,
our life will start tomorrow
Why can't we go back to life before,
just trust me you will see

Refr.:

Can you follow my dream?
We'll never know while we stay here
Can't you know how I feel?
We'll never live on the notion
In heaven we can't turn to before
In life there's no magic potion
Why can't we go back to life before,
just trust me you will see

2.

Only nights escape from the days,
we have always just done this
Movies show the same as before,
watch new lovers in their bliss

You'll never go while living in days,
you'll never know why you're staying
Why can't we go back to life before,
our life will start tomorrow
Why can't we go back to life before,
just trust me you will see

Refr.:

Can you follow my dream?
We'll never know while we stay here
Can't you know how I feel?
We'll never live on the notion
In heaven we can't turn to before
In life there's no magic potion
Why can't we go back to life before,
just trust me you will see

Can you follow my dream?
We'll never know while we stay here
Can't you know how I feel?
We'll never live on the notion
In heaven we can't turn to before
In life there's no magic potion
Why can't we go back to life before,
our life will start tomorrow

Choir:

Why can't we go back to life before,
our life will start tomorrow

Why can't we go back to life before,
our life will start tomorrow

Why can't we go back to life before,
our life will start tomorrow

End:

Why can't we go back to life before,
just trust me you will see
